OUTLINES.

At Boise, Idaho yesterday Harry Orchard continued his confession of monstrous crimes, acknowledged that he assassinated Governor Steunenberg and gave the details of his murdering eighteen victims in all.——The Pennsylvania Republicans yesterday adopted resolutions endorsing Senator Knox for the Presidential nomination by the Republican National Convention in June next year; he says he would accept; the incident created a great deal of interest at Washington, Senator Foraker saying he is glad while Secretary Taft is mum.——Prices on the New York Stock Exchange advanced yesterday because of reports from Washington that the Administration has decided not to pursue E. H. Harriman about his railroad transactions, because it might imperil the general financial situation.——President Roosevelt announced yesterday that he will do everything in his power to help the National Guard in each State.——A Confederate Veteran who attended the reunion at Richmond was asphyxiated with gas in Washington yesterday and another fell from a train at Easley, S. C., and was killed.——The case of Mrs. Howard Gould for divorce from her multi-milionaire husband got its first airing in court in New York yesterday, she alleges cruelty, neglect, abandonment, and immoral conduct.——The Supreme Assembly of the Uniform Rank, Knights of Pythias, in session at the Jamestown Exposition yesterday, will probably change the style of uniform so as to make it nearer to the standard of the United States Army.——The West Point cadets arrived at the Jamestown Exposition yesterday on the transport Sumner.——Three men have been arrested for incendiarism at Allentown, Pa., resulting in nearly $100,000 damage.——Before the Military Committee on Military, at Washington yesterday, Mrs. Leaby, proprietor of a Brownsville, Texas, hotel, testified that she saw negro soldiers shooting up the town and that she could identify at least one of the men.—At Newport, R. I., yesterday a court held that an amusement company has a right to select its patrons and that a plaintiff wearing the uniform of the navy was not entitled to damages because he was refused admittance.——New York markets: Money on call easy 1 1-2 to 2 per cent, ruling rate 1 3-4, closing bid 1 1-2, offered at 1 1-4; spot cotton 10 points higher, closing steady at 13; flour steady but quiet; wheat firm, No. 2 red 1.01 3-4 elevator; corn firm, No. 2, 64 elevator; oats easy, mixed 50; turpentine steady 61 to 62 1-2; rosin steady, strained common to good 4.65 to 4.80.

At present writing the crowd seems to like the sniff of radicalism.

A Georgia paper says lightning killed two mules. Even if it did, we bet they kicked about it.

The speech of Col. Bob Lee in Richmond last week proves that a noble race has been perpetuated to date.

"Men Whom I Have Called Liars, Undesirable Citizens and Fakirs, Including One Long," should be the title of the next Teddy book.

A New York paper says a millionaire married a chorus girl "because she had a good figure." No doubt the chorus girl married the millionaire because he had a good sum.

To show you that Wilmington isn't standing still, the port has gotten to the point where it is necessary to have 30 feet of water to carry her commerce to sea. The Chamber of Commerce has gone to work in earnest for a deeper water scheme, and will show Congress the evidence that will make it necessary.

Says the Eastern Carolina News, of Kenansville: "Duplin county can boast of many desirable citizens." Rockfish township is full of them. Watch them vote for good roads at the special election next Tuesday.

It is reported that "a Georgian while taking in the War Path at the Jamestown Exposition, lost his wife." Looks like nothing more than press agent work to induce those Georgians to take their wives to the exposition.

Wednesday was the crowning day of the commencement at Trinity College, Durham. Associate Justice David J. Brewer, of the United States Supreme Court, was the orator, and he delivered a great speech, among other things paying a high compliment to North Carolina's respect for law.

It seems that the jury inquest which sat at the White House decided not to meddle with the body of one Harriman for fear that the result would create such an odor as to imperil the general financial situation. The timidity of the financiers would indicate a fear that the inquest would show that there is really "something rotten in Denmark." The idea seems to be that it were better to keep the lid on.

Business Community Wants Norfolk "Shoo-Fly" Extended Through From Goldsboro.

THE CHAMBER OF COMMERCE

Transportation Committee Instructed to Take Up Matter at Once With Railroads Officials—Mail Facilities on S. A. L.

An important subject under consideration at yesterday afternoon's special meeting of the Chamber of Commerce, the proceedings in detail of which are given elsewhere in today's paper, was the matter of improved mail and passenger service on the railroads entering Wilmington from the North. The subject was presented by President Taylor and was enthusiastically taken hold of by the Chamber with the result that the regular committee on Transportation was instructed to take the matter up at once with the railroad people and see what relief may be offered.

President Taylor first spoke of the delay of mail matter from the North via the late Seaboard Air Line train arriving here after midnight. He said that schedules seemed to be utterly disregarded South of Washington with the result that no through connection was made at Hamlet with the Wilmington train. If this connection was preserved as it should be, letters and papers mailed in New York one afternoon would be here on the late train and would be distributed in the boxes of business men by the following morning. The president was instructed to take the matter up with Postmaster Wallace and through him with the proper officials elsewhere to the end that the connection may be made.

But perhaps the most important question in this respect was that of inducing the Atlantic Coast Line to run the "shoo-fly" now operated between Norfolk and Goldsboro through to Wilmington and return each day. The "shoo-fly", he explained, is now operated as a purely local train between Goldsboro and Norfolk and the Wilmington end of the line was just as much entitled to the local service as was the other section of the road. This train could be operated through to Wilmington arriving here about midnight and going out in the morning at 4 or 5 o'clock, which would be a great benefit to the traveling public and especially to representatives of wholesale houses of Wilmington. This would be practically the same schedule as is now in effect on the Wilmington, Columbia and Augusta Railroad between Wilmington and Charleston, which the Chamber induced the company to put in operation through to Wilmington during the Charleston Exposition as an experiment, the train at that time having been operated only as far as Mullins, S. C. The experiment proved so successful that the train was continued and improved on a permanent schedule. Now the Jamestown Exposition has opened and a parallel case is presented, the "shoo-fly" being already in operation as far as Goldsboro. While the benefits of the mail service would not be great only as to local points, it would be a great convenience to travel and the president saw no reason why the train had not been put through by the railroads for the benefit of the Exposition travel before.

The train now arrives at Goldsboro about 9:30 o'clock at night and it would be only a question of a two hour and a half run to continue it to Wilmington, reaching here at midnight or a little after that time. The train leaves Goldsboro in the morning for Norfolk at 7:35 o'clock so that it could leave Wilmington at 5 o'clock and still maintain its present schedule between Goldsboro and Norfolk.

The proposition was received with enthusiasm by the Chamber and the wonder was that some steps had not been taken in this direction before as many people complained of having to stay in Goldsboro all day anyway and many complained of the inaccessibility of Wilmington. The opinion was expressed that it would be a paying train from the start for the reason that the beach travel is now opening up and the travel is setting in toward Jamestown. Mr. C. N. Evans asked to have members of the Wilmington Clearing House Association added to any committee that might be appointed to urge this matter before the railroads. Upon motion of Mr. Rogers, the Transportation Committee, composed of President J. A. Taylor, Mr. R. A. Parsley and Mr. C. W. Worth, was instructed to prosecute the matter at once before the railroad officials. Mr. Taylor stated after the meeting that he would arrange for a conference of the committee with Mr. Kenly at once and that there was but little doubt but that the request of the business community would be granted.

Funeral Directors and Embalmers Adjourn in Raleigh—Session for 1908 Comes to Wrightsville Beach—Other News Notes.

Raleigh, N. C., June 6.—The eighteenth annual session of the North Carolina Funeral Directors and Embalmers' Association adjourned here about noon, after a three days session to meet next year at Wrightsville Beach. The following officers were elected for the ensuing term:

President—D. W. Harde, Henderson.

Vice Presidents—W. E. Yopp, Wilmington; G. W. Wright, Salisbury; C. E. Stanley, Goldsboro.

Secretary-Treasurer—F. P. Brown, Raleigh.

Delegates to National Convention—G. W. Wright, W. L. Bell, M. C. Noland and F. P. Brown.

Governor Glenn went to Albemarle, Stanly county, today, to deliver the address for the close of the public schools there.

A charter was issued today for the Wiggins Grocery Company, of Wilson, capital $10,000, by J. T. Wiggins and others.

The State Superintendent of Public Instruction is notified of the carrying of local tax elections for the improvement of public schools in two townships in Bladen county, one in Johnson county, and two in Macon county. He is receiving many inquiries and applications for aid in the establishment of public high schools under the act of the decent Legislature. The act prescribes that on August 1 of this year the first apportionment of high school funds shall be made, counties having one member of the house of representatives receiving not more than $500, counties having two members, $750, and counties having three members $1,000. The county, township or school district receiving this State aid must provide at least an amount equal to that received from the State.

CAPT. R. S. LOVE DEAD.

Former Wilmington Citizen Passed Away Yesterday at Armour, N. C.

Many friends in this city yesterday learned with sorrow of the death of Capt. R. S. Love, which occurred at his home at Armour, N. C., where he had resided for the past several years. Capt. Richard Sanders Love belonged to one of the leading families of this section and for many years was a resident of this city. For a long time he was a railroad conductor on the old Wilmington and Rutherfordton line, and in latter years he had been engaged in Wilmington as a naval stores inspector. He was genial and kind, retiring in his disposition, but a true friend and a man of parts. He was in the 72nd year of his age and was held in the highest esteem by all who knew him. Capt. Love is survived by one brother, Dr. Wm. J. Love, of this city; his wife, and two children, Mr. A. R. Love, of Armour, and Mrs. A. O. Trust, of East Arcadia.

The funeral of Capt. Love will be conducted this morning at 10 o'clock from Wayman Church, Bladen county, and the interment will be in the family burying ground near that place. A number of friends and relatives from this city will go up to Armour on the early morning Seaboard train today to attend the obsequies.

MARRIED LAST EVENING.

Mr. John Norman Valentine Claims Miss Rivenbark as Bride.

In the presence of a few friends and relatives last evening in the parsonage of Grace M. E. Church, Mr. John Norman Valentine, a popular young engineer of the Atlantic Coast Line in this city, and Miss Helen Rivenbark, the attractive young daughter of Mrs. Penelope Rivenbark, of Wilmington, were happily married, the Rev. N. M. Watson, pastor of the congregation, officiating. The wedding was a quiet affair in conformity with the wishes of both the bride and groom, but it was very pretty nevertheless. After the ceremony at the parsonage the bride and groom received the happiest congratulations of many friends at a reception given at the home of the bride. Mr. and Mrs. Valentine will make their home in this city, where they each have many friends.

Woman's Missionary Union.

This week's issue of the Pender Chronicle has the following of interest: "The twentieth annual session of the Womans' Missionary Union of Wilmington Presbytery, will be held at Wallace June 13 and 14, 1907. Delegates and visitors will please notify Mrs. T. L. Hall, Wallace, N. C., in ample time so that entertainment may be provided for all. Quite an interesting programme has been prepared and it is hoped that the societies will be well represented."

Bazaar at Immanuel Church.

The bazaar which was inaugurated last night in the Sunday School room of Immanuel Presbyteran Church by the young ladies of the choir of that congregation was a success in every way. There was a large attendance of friends and the evening was most enjoyably spent by those present. The bazaar will continue this evening with a number of added attractions and all are invited.

COURT TERM ENDED

Unexpected Turn in Hart Damage Suit Against Wilmington Grocery Co., Yesterday.

PLAINTIFFS TAKE NON-SUIT

Appeals Docketed in Case of Meier Against Consolidated Company and Wessell Against Thorpe & Applegate—Other Odds.

The two week's term of New Hanover Superior Court, which has been in session since last Monday a week ago, was adjourned sine die yesterday afternoon at 1 o'clock, this having been made possible by the abrupt end of the damage suit of Hart against the Wilmington Grocery Company, in which attorneys for the Harts took a none-suit quite unexpectedly. The non-suit was taken after the morning session had been engaged for some time with the taking of further testimony in the case and was for the purpose, according to attorneys for the plaintiffs, of bringing another suit, assigning a different cause of action. It was expected that the case would occupy the balance of the term and practically all other cases on the docket had been continued, so that there was no use of prolonging the session with witnesses and litigants in other cases absent. The remainder of the morning session of the court was taken up with odds and ends so that the early adjournment was reached.

The testimony yesterday was strongly in favor of the defendant grocery company. Mrs. Augusta Heide was the principal witness and testified to having seen the runaway and having seen the horse break away from a hitching post, where it had been tied by the driver. The contention of the plaintiff's attorneys was that the horse had been carelessly and negligently left in the street by the driver. Prof. J. A. Holt, colored, principal of the Williston Graded School, who had been a witness for the defence the afternoon before, proved an excellent character by Mr. John D. Bellamy, Jr., and Mr. James H. Chadbourn, members of the School Committee in the district in which Prof. Holt is employed. The attorneys in the Hart case were Messrs. John D. Bellamy & Son, Herbert McClammy and L. V. Grady, Esq., while the Wilmington Grocery Company was represented by Messrs. Rountree & Carr and Bellamy & Bellamy.

Upon the conclusion of the Hart case, motions of counsel were entertained by Judge Long and one of the first matters to come up under this head was an appeal in the case of Frank Meier against the Consolidated Company, in which judgment was given for the defendant company earlier in the week. The appeal was on a motion of counsel to set the verdict aside which was denied by Judge Long.

Another appeal taken was in the case of Charles Wessel against Thorpe & Applegate, in which judgment was given earlier in the week for the defendants also. Mr. Bellamy, counsel for Capt. Wessel, objected to the court's signing the judgment presented by the attorneys for the other side in that it contained an injunction preventing Wessell from again engaging in the boat business on the river. Judge Long declined to strike out the provision in the judgment and the case goes up to the Supreme Court.

On motion of B. G. Empie, of counsel for the plaintiff, the case of John M. Branch against the Atlantic Coast Line in which heavy damages are asked for the killing of plaintiff's son in Florida some time ago, was set as the first case for trial at the next term of court. Mr. Empie stated that this was agreeable to counsel on the other side and he desired a definite date fixed as he would have to bring witnesses here from a distance.

There was argument of certain points of law in the case of Balliere and others against the Atlantic Shingle, Cooperage and Veneer Works, and City of Wilmington, and the case went over for trial at the next term. The case involves lines to property in the southern part of the city. Other entries on the docket were as follows:

W. H. Shearin and others against John Winders, order to make Samuel Blossom party plaintiff.

City of Wilmington against Wilmington Sewerage Company, judgment for taxes due.

Thos. W. Davis, Esq., gave notice that he would make a motion allowing the Atlantic Coast Line to make written answers to the various penalty suits docketed against that corporation.

The usual general order was made that in all cases on the motion docket time would be allowed to file pleadings except in cases where judgment is given upon motion.

Judge Long, who has presided at the present term will leave today or tomorrow to hold Lenoir Superior Court at Kinston.

The Little Store will close at 1 P. M. today, in order to allow their employes a half holiday. Do your shopping this A. M. or defer same until Saturday. **

PARK TO THE EASTWARD

Generous Offer of Mrs. Wm. A. Wright and Miss Bridgers Will Be Urged By Citizens' Committee—Ripe For Action.

The wisdom of the Board of Audit an Finance in postponing action upon the park proposition at its regular meeting on Tuesday night of this week seems to be fully apparent from the tender of still another site which was made public by the Citizens' Committee yesterday, though the proposition has been in hand by that committee for several days. Reference is to an offer from Miss Mary Bridgers and Mrs. W. A. Wright to give a considerable area of land to the east of the city near Carolina Place and adjoining the tract recently purchased by Miss Bridgers for development purposes at Seventeenth and Market streets. It is said that no conditions are imposed, but the property is so available and is susceptible of such high improvement that its nearness to the city will make it almost imperative for the city to expend a substantial amount upon the improvement of the grounds. The Citizens' Committee has formally accepted the proposition and will make the tender to the city.

The property offered by Mrs. Wright and Miss Bridgers extends about four blocks in one direction and two in another and is in one block of the Consolidated Line now being extended on a double track basis to Carolina Place. It lies between Princess street and Bellevue cemetery and in a few years could be made an ideal place for sports and as a playground for little folks. The creek which flows by the cemetery gives a picturesque touch to any artificial scenery that might be induced and in every other way the location is ideal. While there is no intent to disparage the munificence of the Messrs. French and Hart, the committee is decidedly of the opinion that the offer of Mrs. Wright and Miss Bridgers, coming as it does with absolutely no conditions whatever, should be accepted.

The site offered in the southern part of the city is without street car connection and it seems that the only way that this can be provided to that property is for the citizens to build the line, a policy previously adopted by the company with success with respect to private property improvement, but hardly called for on the part of citizens in building a line to a public park for the benefit of the whole people.

At a recent meeting of the Board of Aldermen a resolution was passed calling for the sale of the old encampment site belonging to the city at the Sound, the proceeds to be devoted to park purposes. It is understood that the city can easily sell the Sound property at a good figure and under the resolution it is the opinion of the public that the proposition should be pressed before the Board of Audit and Finance and that some definite steps should be taken at once to give the city "lungs." Since Hilton was abandoned by the Consolidated Company some years ago the municipality has been woefully lacking in breathing organs and there is now a very strong public sentiment in favor of doing something and doing so at once before the Summer is over. Not all of the hundreds and hundreds of working people in Wilmington can afford the 35-cent car fare to the beach and return, and their only salvation in this respect is a public park. Time is another consideration with many and the demand for a park seems on all-fours with the necessity of better streets, better railroad accommodations, better harbor facilities and the like which are more especially destined to further the material interests of the city. Leastwise this is the way the people are talking and they are crying aloud for action by the city authorities.

COLORED WOMAN ARRESTED.

Charged With Larceny of Money Upon Arrival of Seaboard Train.

In response to a telegram received earlier in the day from Mr. B. J. Sanderlin, of Council's Station, the Seaboard Air Line train yesterday afternoon upon its arrival was met by Deputy Sheriffs W. H. Cox and A. T. Piver and they arrested at the depot Catherine Graham, a colored woman, charged at Council's with the larceny of a handbag containing something over $100 in money, a diamond ring and other jewels belonging to Miss Nellie Nye there. Some money was found in possession of the woman and it was ascertained that she had several bills changed on her way down on the train. Deputy Piver had the warrant endorsed by Justice Furlong in this county and he returned with the woman on the same train on which she came to Wilmigton, accompanied by a brother of Miss Nye, who is bookkeeper for the Hannah Box Shook Company, of this city.

IS A STATE PROJECT

Movement For Thirty Feet Depth of Water From Wilmington to The Sea.

WAS INDORSED YESTERDAY

Chamber of Commerce in Most Important Meeting of Years, Recommends Plan for Lower Freight Rates to State Business.

Possibly the most important meeting of the Wilmington Chamber of Commerce in a twelve-month was that yesterday afternoon which was largely attended by the most representative business people of the city and at which the movement for a 30 feet depth of water from Wilmington to sea was formally launched as a State project, affecting, as it will, interior as well as port freight rates all over the State as was gone into more fully a few days ago in connection with the conference here between President Taylor and other members of the Chamber of Commerce with Congressman H. L. Godwin. The project was not only enthusiastically adopted by the Chamber of Commerce yesterday but it was resolved to ask the city for an appropriation of $1,000 and the county for $500 to be used in presenting the true facts of the situation to the entire business interests of the State. At the same meeting other important matters were taken up, including the need of better train facilities north and Custom House facilities here, all of which will appear from the detailed proceedings herewith and elsewhere in today's paper.

The meeting was called to order shortly after 4 o'clock, those in attendance having been President J. A. Taylor, Secretary Kyle and Messrs. W. E. Worth, L. B. Rogers, W. M. Cumming, John S. McEachern, U. M. Robinson, H. G. Smallbones, R. A. Parsley, H. C. McQueen, W. B. Cooper, Roger Moore, Major E. W. VanC. Lucas, H. W. Malloy, George R. French, B. F. Keith, F. A. Fetter, Clayton Giles, Jr., C. N. Evans, J. V. Grainger, John H. Brown, Isadore Bear, M. F. H. Gouverneur, Sam Bear, Wm. H. Sprunt, Joseph W. Yates, B. F. Hall, Wm. Calder, P. Pearsall, Jas. H. Chadbourn and Representative T. H. Wells, of Pender County a visitor.

The president stated that the meeting had been called to take up the matter of a 30-foot depth of water from Wilmington to sea. He referred to the work of the River and Harbors Congress, the likelihood of a great surplus in the United States Treasury on July 1st, and the desirability of a definite project for the State's chief seaport to be presented to Congress in order that Wilmington may come into her own in the next distribution of the Rivers and Harbors appropriation. He referred to the affect of a Wilmington gateway upon interior freight rates and made special illustrations in connection with his argument. Reference was made to the purpose of the Seaboard Air Line to make this a coaling station and Mr. Taylor said that the Seaboard would necessarily expect water facilities for the largest ocean-going ships and the time to begin is the present. An application of the subject was made to the cotton mill and cotton exporting industries. Mr. Taylor further referred to the recent conference in this city with Congressman Godwin and said that the project was recognized as one of State importance and one that would appeal to the entire North Carolina delegation in Congress, Messrs. Simmons, Small and Thomas not excepted, for the movement was in no way antagonistic either to Beaufort or to the inland water way. There could be no antagonism from the railroads for this was a natural improvement and one that would appeal favorably to the land transportation lines. He suggested that the city make an appropriation of $1,000 for properly presenting this matter to the State and before Congress. Mr. Taylor said those were the general ideas and the matter was before the Chamber for discussion.

Mr. McQueen believed the citizens were all in favor of the project and it seemed to him that some resolutions should be prepared to get the matter before the meeting in proper shape.

Mr. Malloy thought the meeting should be rather informal and that the matter should be generally discussed and that the Chamber should fortify itself with facts in regard to the project and then go before the State with the facts. He noted the presence of Major Lucas, late of the corps of United States Engineers, and said the Chamber would be pleased to hear from him.

Major Lucas thought a good strong working argument could be made in favor of a 30-foot project. It was a foolhardy mission to go before the Rivers and Harbors Committee of Congress with anything but cold facts. He favored the idea of enlisting the whole State in the movement and thought the suggestion of the president in regard to "missionary work" was a good one. He reviewed briefly the history of former projects with respect to the Cape Fear and emphasized the necessity of unity of action

DUPLIN'S GOOD ROADS MOVEMENT.

The Star is gratified to note that for some time a spirit of progressiveness has taken hold of Duplin have county. The good people of Duplin have for some time been agitating the good roads question and it has attracted a good deal of attention in some of the counties that are rejoicing over their good roads and naturally feel an interest in counties that are showing signs of waking up. Those counties which have a good roads system have found it such a profitable investment that they take it as a sure sign that a county is coming to the front when it begins to build good roads. As a matter of fact good roads have done so much for the counties which have them that they are surprised that evry county in North Carolina is not straining itself to make a network of highways throughout their boundaries.

The Star is specially gratified to see Duplin moving for good roads. Eastern North Carolina is the finest section of the State and Duplin is one of the finest counties in the East. When the county builds good roads there will be no more desirable section in the State and the indications are that the people of the county are going to do that very thing. Next Tuesday a special election will be held in Rockfish Township on the question of good roads and it is hoped the majority for good roads will be in the proportion of that in Kinston last Monday when out of a vote of 464 cast, all but 5 were in favor of a bond issue to secure the Eastern Training School. The election to be held in Rockfish will be the first to be held in the county on the question of a special tax to build good roads and the township has the opportunity to set the pace for Duplin county. Rockfish is a fertile and thrifty farming section, and good roads will make it one of the most desirable spots in North Carolina for new settlers. Improved roadways will be a boon to its present population, and if the elction goes for good roads and they are built, the people will marvel at the development that will be brought about.

Some good people are opposed to voting for bonds or increased taxation, but if we have anything good it should be remembered that it can't be had for nothing. The best part of it to be borne in mind, however, is the ten-fold returns we get from good roads. The increase in facilities for transportation lessens the cost of hauling, and the increase in farm values knocks the spots out of any amount that may be spent to build good roads. That has been demonstrated in Mecklenburg county, which has a model system of good roads that has attracted the attention of the national government. A bulletin recently issued from Washington illustrates Mecklenburg's good roads and shows what a marvelous saving it has made for the people, in addition to the astonishing increase in the value of lands—more than sufficiet to pay the road tax.

New Hanover, however, can furnish an illustration closer home. Time was when a road of deep sand stretched from Wilmington nine miles to Castle Haynes. There were not a half dozen houses in sight along the road, but New Hanover county built a hard road all the way to Castle Haynes and the result has been marvelous. One who drives along that road now is not out of sight of a handsome house and for long distances it looks like a continuous village. All along the road there are fine truck farms, and the most zealous advocate of good roads would be astonished that one road could so immensely bring about development and increase values as has our Castle Haynes road. It is simply marvelous and no one can look at that development and fail to observe that New Hanover county will get ten times more out of the benefits from that road than she ever spent for its construction. However, it only tells the same story that comes from all counties and sections that have built good roads and when we hear from Rockfish next Tuesday it is hoped that she has decided to show the balance of Duplin county a thing or two. There is no such thing as standing still in this progressive age, and the county or neighborhood that is content to do it will never develop.

AMONG OUR EXCHANGES.

The Raleigh News and Observer yesterday sent us an addition that looks like a book. It was a 64-page "Special Raleigh Edition," and was issued to celebrate our esteemed Raleigh contemporary's "house warming" on Wednesday. It contained an interesting history of the "Old Reliable," and printed the speeches made at the house warming by distinguished gentlemen, and numerous special articles about Raleigh, and on other subjects. It was illustrated throughout, and no mere mention of it, such as we have to confine this notice to will give any conception of the edition. It was excellent in the large amount of matter printed, and was a credit to Raleigh's enterprising morning daily.

Strokes of enterprise and improvements among North Carolina papers come so fast that it is difficult to keep up with them. One of the best pieces of newspaper enterprise that has come under our notice is the elaborate souvenir edition of the Durham Herald on Sunday. It contains 30 pages and not only embraced a vast amount of reading matter and handsome illustrations, but the whole was handsomely printed and decidedly entertaining. The edition was certainly a big thing for the enterprising Herald, but was notably so for Durham. It was a big advertisement for Durham, and that city should be proud of a paper that is able to produce such a number and make such a creditable showing for its city.

The Daily Winston Journal also comes in for a share of attention. Mr. J. P. Lucas a few months ago took charge of the paper as editor, and from the beginning the paper began to improve. He brightened up the paper, has been giving an excellent news service, and the progress of the paper has been so steady that already another linotype machine has been purchased, a Cox duplex press of the latest model is being installed, and the paper is to be enlarged. It has all come about just as we anticipated when Editor Lucas took hold of the rudder.

ROOSEVELT WANTS TO BOSS.

The Buffalo (N. Y.) Times (Dem.) says:

"It is whispered that President Roosevelt looks with a kindly eye on Gov. Hughes as a running mate for Secretary Taft, and would come out for him as he has for Secretary Taft if the Governor would warm up to him and accept his kind offices in building up a new Republican machine in the Empire State. This may or may not be true. Some things have happened which would seem to give color to the whisper. It is pretty sure that the President has made overtures to the Governor and that the Governor has either repelled or ignored them. But there is nothing uncertain as to the attitude of the immediate friends of the Governor on the subject of making him the tail of the Republican kite. They will not stand for it."

It not only appears so to New York papers, but it is observed far and near that President Roosevelt considers himself at the head of politcal affair in New York. It may be, however, that Hughes has the spunk to let him know that he wants no "foreign interference."

CURRENT COMMENT.

—The distinguished Chicago expert, Dr. Nicholas Senn, expresses the opinion that there will be no consumption twenty-five years hence. That achievement would be the greatest scientific triumph of the age.—Norfolk Landmark.

—Governor Charles E. Hughes was right when he said that the only way for the States to save themselves from having their powers absorbed by the Federal government is for them to take full possession of the legislative territory not yet usurped by the central government.—Binghamton Press (Ind.)

The Morning Star of Wilmington, the true blue Democratic daily, says this: "Democrats should have a powerful feeling for Senator F. M. Simmons for the enemies he has made in the Republican camp." The Star knows whereof it speaks. No better authority either. In its opinion the Eastern Carolina News heartily concurs.—Kenansville Eastern Carolina.

—In spite of the bigoted spirit in which the ultra protectionists treat the subject of tariff revision, the demand for it is growing stronger from day to day, and would have forced itself in an irresistible manner upon the attention of the present Administration before this but for the movement to subject the corporations—meaning in particular the monopolies of the country—to public control.—Brooklyn Citizen.

—The Observer wishes to give some expression to the pleasure with which it learns that the trustees of the University of North Carolina have made Mr. Edward K. Graham, assistant professor of English, one of the two full professors in the English department. Mr. Graham is a Charlotte boy, the son of Mr. and Mrs. Archibald Graham, and the rapid advancement which thorough scholorship and a rare personality have won him since his graduation from the University only nine years ago is bound to be matter of general gratification in this city.—Charlotte Observer.

TWINKLINGS.

—New Benedict—I never was so happy before. Marriage has made a different man of me. Old Singleun—I'm glad to hear it, for your wife's sake.—Fliegende Blatter.

—Mr. Phoxy—Did you send the Borems a card for our "at home?" Mrs. Phoxy—Yes; how could I get out of it? Mr. Phoxy—I'll tell Borem that Jenks is coming. Borem owes him money.—Terre Haute Tribune.

—Mrs. Bliss—Here is a letter I want you to post, dear. It is to my milliner, countermanding an order for a hat. Mr. Bliss—Here; tie both my hands behind my back, so that I won't forget it.—New York Mail.

—"You have a model husband," said the lady who was congratulating the bride. The next day the bride bethought her to look up the word "model" in the dictionary, and this is what she found: "Model—A small imitation of the real thing."—Philistine.

"Klexer has painted the picture of a Winter landscape so well that if you look at it long you seem to get quite cold." "That's nothing. You ought to see Schmirinsky's 'Flight.' It is so realistic that after the first look you are obliged to take to your heels."—Tit-Bits.

—"So you are going to Europe?" "Yes," answered the man who aspires to be a prominent citizen. "I don't care much about the trip, but the reporters never seem anxious to interview you about American affairs until you have been abroad long enough to lose track of them."—Washington Star.

A Narrow Escape.

G. W. Cloyd, a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at R. R. Bellamy, Druggist.

ATLANTIC NATIONAL BANK

The published statement of the Atlantic National Bank shows a LARGER line of Commercial and Personal Deposits than any other National Bank in this State. It seeks such accounts and is especially well prepared to handle them.

It also shows a sufficient amount of money on hand to provide for the wants of depositors—and is one of the few commercial banks doing business in North Carolina that has no need to borrow money.

Its large resources—over one and one-half millions of dollars—is employed in legitimate business enterprises of this section.

VICTORY MILL AT FAYETTEVILLE

New Factory Starts Up—It is One of the Largest and Best Equipped in North Carolina—Model Factory.

Fayetteville, June 5.—The cotton mill of the Victory Manufacturing Company is in operation, but for 25,000 spindles and 800 looms and now running 12,500 spidles ad 400 looms, the remaider fo the machinery to be put in shereafter, making 27-inch 7.60-yard cloth. It is one of the largest mills in the State, the main building of two stories, being 457x130 feet, giving 118,820 square feet of floor space. Its power is 1.00 horse, with cross compound condensing engine, and the great structure is furnished throughout with the best machinery and equipment for textile work. The electric light engine of 125 horsepower furnishes 120 arc lights in the mill and 10 arc lights in the village of the operatives, and both factory and village have a safeguard against fire in a complete department with hose, buckets, etc. The stack is a model of fine chimney architecture, of concrete and steel, 156 1-2 feet high and 8 feet in diameter. The water supply is from a tank 80 feet high, of 50,000 gallons capacity, with an emergency pump of 1,000 gallons a minute. The warehouse, with a storing capacity of 500 bales, is equipped, like the mill through with automatic sprinklers. The village is a model in its neat yards, shade trees, good water and excellent drainage. The officers of the Victory Manufacturing Company are as follows: Dr. H. W. Lilly, president; F. M. Cook, secretary and treasurer; W. D. McNeill, general manager; D. H. Jones, superintendent; C. L. Pemberton, overseer of carding and spinning; H. Dumas, overseer of weaving.

—Sampson Democrat: A friend in Dismal township sends us something of the splendid war record of the late J. F. Daniel, an account of whose death we published a few days ago: One friend writes that Mr. Daniel enlisted in May, 1861 in Company I, 20th N. C. Regiment, served six months on Baldhead Island, near Fort Caswell. Went from there to Virginia, and was in many hard fought battles there, in Maryland and Pennsylvania. Was in the seven days fight at the Wilderness; was in the hard fight at Cold Harbor on Friday, and on Thursday in the fight at Malvern Hill, where he was wounded. Deceased is survived by a widow, four sons, one daughter, and 12 grandchildren.

Overloaded.

Corned beef hash as made by Senator Hanna's cook was very popular in Washington several years ago. When the head waiter of the senate restaurant wanted hash prepared very carefully he ordered it this way: "One corned beef hash for Senator Hanna." One day when the restaurant was doing a heavy business almost everybody seemed to want corned beef hash. "Corned beef hash for Senator Hanna" had been ordered fourteen times. When the fifteenth order went down to the kitchen the chef shouted: "That's fifteen orders for Senator Hanna! He'd better watch out or he'll founder hisself."

Saved the Situation.

"Ha, here comes Ratcliffe with a dagger! My last moment has arrived!" exclaims one of the characters in a new melodrama. Unfortunately, however, the actor representing Ratcliffe had forgotten the dagger and come on the stage without it. But he was equal to the occasion. "Villain," he exclaimed, "thou thoughtst thou sawst a dagger in mine hand. 'Twas thine evil conscience supplied the vision. But I will slay thee with a blow of this strong right hand," which he proceeded to do.

More Positive.

"Well," said Cadley scornfully, "I'll bet you didn't do the proposing. It's a safe bet that your wife asked you to marry her."

"No," replied Henpeck, "you're wrong."

"Oh, come now, be honest."

"No, she didn't ask me; she told me to."—Philadelphia Press.

Grindstones Wet and Dry.

The strength of a grindstone appears from tests to vary widely with the degree of its wetness or dryness, stones that are dry showing tensile strengths of from 146 to 186 pounds a square inch, but after soaking overnight breaking under stresses of 80 to 116 pounds a square inch.

Then the Mercury Froze.

"I think London is a lovely place for a honeymoon. Don't you, dear?"

"Yes, darling," he replied in an abstracted manner. "I shall always come here in the future."—Stray Stories.

RULES COVERNING THE CONTEST. READ THEM CAREFULLY:

A.—All subscriptions must be received at the regular published rate. No discounts or commussions whatever will be allowed.

B.—**No subscriptions will be received for a less time than three months.**

C—**Every subscription sent in under this offer must be a bone-fide new subscription to The Morning Star. No others will be received, and a careful investigation will be made to determine whether or not the name sent in is a new subscriber.**

D.—**Cash must accompany all orders.**

E.—All that is necessary to win any of the trips enumerated above is that the subscriptions sent in shall aggregate the amounts named. Orders need not be for yearly subscriptions only. In securing subscriptions the following ratio may be observed: Two six-months' subscriptions are equivalent to one yearly subscription; four three months' subscriptions are equivalent to one yearly subscription.

F—The names of new subscribers, and the amounts collected, should be **sent in as soon as obtained.** Receipts will be forwarded to the subscribers at once, and the amount placed to the credit of the contestant.

G.—This exceptional offer will remain open to all until September 1, 1907. If you get to work at once there is time a plenty for you to secure one of the best trips. You may visit the Exposition any time you please.

LOCAL DOTS.

—The Sea King, the new tug boat purchased by Capt. Edgar Williams, is expected in port today noon from Norfolk, where the steamer was recently purchased by Capt. Williams.

—The W. C. T. U. will hold its regular monthly meeting this afternoon at 4 o'clock at the First Baptist Church. All members are requested to be present.

—The annual outing of the First Baptist Sunday School was given yesterday at Carolina Beach. The steamer Wilmington carried large crowds on each trip and the day according to accounts was most delightfully spent.

—Manager J. T. North, of the Postal Telegraph Company, yesterday paid into court the fine imposed upon him in the contempt rule issued by Judge Long. The whole amount of the fine and costs was $36.15. There will, of course, be no appeal.

—The steamer Satilla, Captain Smith, which has been discharging cargo of cement at the Seaboard Air Line warehouses, cleared yesterday for Brunswick, Ga., to complete discharging. The vessel is entered and cleared by Mr. F. A. Fetter, Jr., agent of the Seaboard in this city.

—The week-end rates on the Seaboard Air Line went into effect on the first of June and travel to the beach will begin tomorrow. The rate from Charlotte and return is $5, tickets on sale Friday afternoons, good to return until the following Tuesday, inclusive.

—Devotees of the saw dust ring in this city will be interested in the announcement that Buffalo Bill's Wild West Show will be in this territory again this Fall. The date for Fayetteville has ben set for October 23d, arrangements for transportation being over the Raleigh & Southport Road.

—Mr. and Mrs. J. A. Brothers have the sympathy of friends in the death of their infant daughter, which occurred yesterday morning at 5 o'clock at the family residence, No. 401 South Fourth street. The funeral was conducted yesterday afternoon at 4:30 o'clock and the interment was in Oakdale cemetery.

—The Wilmington Gun Club will have its regular weekly trap shoot on the grounds near Delgado this afternoon and a full attendance of members is desired. A meeting will be held before or after the shoot to decide in regard to the matter of holding a State shoot here in July. Stokley will be unable to be present for the shoot much to the regret of his many friends, who have watched his high average from week to week. He is confined to his home by illness.

—The following building permits have been issued: Charles Michaelis, four five-room dwellings to cost $500 each, on Second between Dawson and Wright streets, to take the place of property burned in the recent Sunday morning fire. Mrs. Munds, two one-story dwellings for rent, six rooms each, to cost $600, in alley between Red Cross, Tenth, Anderson and Ninth streets, W. J. Spooner, contractor. Capt. John Barry to remodel residence at Fifth and Campbell at cost of $850; A. Skipper, contractor.

—Assistant Chief W. P. Monroe of the Wilmington Fire Department is rapidly receiving responses to the invitations recently sent out announcing the Firemen's Tournament here in August. Among the responses are from Chief S. G. Bernard, of the Asheville Department, who will bring a hose wagon and hook and ladder truck with 40 men. The Volunteer Reel Company of Washington, N. C., will come with a big delegation and the chief of the Augusta Department writes that he will come with a delegation from that city.

NEW COMMISSION FIRM.

Messrs. Meares & Nixon Form Partnership as Commission Merchants.

Messrs. Richard L. Meares and C. W. Nixon have formed a copartnership under the firm name of Nixon & Meares for the conduct of a general produce commission business as successor to the firm of C. W. Nixon & Co., at the foot of Chestnut street. They are both young men of experience and ability and by dint of push and perseverance expect to build up a large trade throughout this section. They have the best business connections in the city and are in a position to handle consignments with the least possible delay and to secure the highest market prices. Messrs. C. W. Nixon & Co. have been in business for some time and have built up a large trade, but it is proposed to extend this and to reach into wider fields. The young men composing the firm have the very best wishes of many friends in their undertaking.

Justice Bornemann's Court.

In Justice Bornemann's court yesterday Mr. G. S. Edwards, manager of the Stieff Piano Company, was tried for assault and battery and disorderly conduct, the prosecutor being J. D. McCabe. The evidence brought out in the trial failed to sustain the charges, the only thing brought out being that Mr. Edward had ordered McCabe out of the piano salesroom, and McCabe was therefore taxed with the costs. The prosecutor was represented by Woodus Kellum, Esq., and Mr. Edwards was represented by Herbert McClammy, Esq.

DIED.

LOVE—At Armour, N. C., on the 6th of June 1907, RICHARD SANDERS LOVE, aged 71 years, four months and 15 days. Obsequies at residence at 10 A. M., June 7th. Interment in cemetery of Waymaw Church. Friends and acquaintances respectfully invited.

IS A STATE PROJECT

(Continued from first page.)

as characterized the course of the Mississippi States. He was heartily in favor of the movement and thought it well worth a trial either through a municipal appropriation or contributions by business men as suggested by Mr. Malloy.

Mr. Rogers thought everybody was agreed on the question and made a motion that a committee be appointed to have the work in charge. Mr. Malloy seconded the motion with an amendment that the city be asked to appropriate $1,000 for properly presenting the case to the people of the State.

Mr. B. F. Keith spoke in favor of the project and digressed to present the needs of a new Custom House for the port, reviewing his efforts to this end. He asked that a committee be named to urge this matter before Congress.

Mr. Arringdale suggested that the county also be asked for an appropriation of $500 for the water way project. This was added to Mr. Rogers' motion. Mr. Cooper spoke of the necessity of laying emphasis on the fact that this is a State project. There would be no opposition except possibly from points now enjoying the benefit of gateway rates by reason of their proximity to Norfolk.

The motion was carried unanimously endorsing the proposition and asking the city and county for aid in the way of the appropriations named. The president subsequently named the committee to consist of Mr. Jas. H. Chadbourn, chairman; Messrs. W. E. Worth, H. G. Smallbones, H. W. Malloy, W. H. Sprunt, Major E. W. VanCLucas and the president ex-officio a member.

Mr. Taylor spoke of the Custom House project and the difficulties of presenting a non-supporting proposition. He favored pulling all together for the 30-foot project and said the new Custom House would follow the increase of commerce by reason of the enlarged facilities. The matter was dropped for the time but was later revived by Mr. Cooper and Mr. Keith was further heard. Upon motion of Mr. McQueen the Chamber endorsed the proposition and the Treasury Department was asked for an appropriation sufficient to provide the necessary building facilities. This was adopted with a belief that the efforts for a Custom House would in no wise be antagonistic to the river and harbor improvement project previously endorsed.

The meeting was one of the most enthusiastic held in some time and the "campaign of education" with respect to the general benefits to be derived from the gateway project will begin at once. The committee will appear before the respective county and city boards at their next meeting.

AT THE THEATORIUM.

"The Passion Play" is Drawing the Multitudes on Market Street.

"The Passion Play" being presented at the Theatorium on Market street, is continuing to draw the multitudes and great satisfaction is expressed at the exhibition by everyone. The film runs for more than a quarter of an hour and is educating as well as entertaining. The Theatorium is possibly the most handsomely fitted up moving picture theatre in the State and all patrons are wild in their enthusiasm over the now popular place of amusement. Exhibitions are given afternoons and evenings and the public is cordially invited by the proprietors to see the "Passion Play" before the film is exchanged for a new one. It is one of the most notable offerings ever made by a moving picture theatre in this city.

Seashore Hotel Formal Opening.

The formal opening of the Seashore Hotel at Wrightsville Beach will take place tonight and the people of the city, residents of the beach and Sound are most cordially invited by Manager Hinton, Professor Webber's complete orchestra from Memphis, Tenn., has arrived and will discourse music for the occasion. There have been a number of improvements to the ball room of the Seashore Hotel and those who participate in the dance tonight will find everything bright and refreshing.

Immanuel School Pic-Nic.

Immanuel Presbyterian Sunday School will have its annual outing at Carolina Beach on Tuesday of the coming week. The party and all friends who desire to go down for the day will take the trip on the steamer Wilmington and an enjoyable occasion is promised. There will be refreshments and other features for the enjoyment of all.

Freight Warehouses to Close.

Elsewhere in today's paper will be found an official notice from the Atlantic Coast Line and Seaboard Air Line agents that effective June 1st, the freight warehouses of the respective companies in this city will be closed for half holiday on Saturday afternoons during the Summer at 1 P. M.

Excursion Down the River.

Indications point to a large attendance upon the excursion of Circle No. 10 of Fifth Street M. E. Church to Southport and Fort Caswell today. The steamer will leave her wharf at 9:15 A. M. and there will be music and refreshments on board. All friends are cordially invited.

The Magic No. 3.

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best on earth for stomach, liver and kidney torubles, by R .R. Bellamy ,druggist. 50c.

PUSHED to the FRONT

Yes, that is what has pushed Belle of Virginia out in the front rank of good whiskies—the fact that it is founded on quality. We ask you to try it the very next time you feel the need of a good drink of whiskey. It is blended from pure, carefully aged whiskies—the best blend our years' of experience has taught us—a whiskey which will appeal to you from the first taste and grow upon you as the days go by. Don't forget to ask for it and try it.

Sold at the places where gentlemen go to get a drink.

WILL NOT PURSUE HARRIMAN

Administration Fears Financial Situation Might Be Imperiled.

(By Wire to the Morning Star.)

New York, June 6.—The transactions which carried prices of stock upward in today's market were limited in amount and were believed to be from professional sources almost entirely. Evidently the professionals find the best inspiration for price movements in rumors from Washington regarding the intended policy of the authorities towards corporations.

Today's rise was due in large part to the positive assertions contained in Washington advices that a determination had been reached after consultation amongst members of the Administration to refrain from an actual pursuit of the Harriman railroad combination because of a fear that the general situation might be imperiled by such a course. This was the same report that emanated from Washington on Tuesday, with the effect of putting up prices. The retirement from the Chicago and Alton directorate of a friend of the Harriman interest revived some discussion of the supposition long held in the financial district of severe friction between that interest and the present control of the Alton. This discussion, however, did not interfere with the strength of both the Harriman and Rock Island stocks.

Reports of railroad earnings were satisfactory as a rule, the heavy additions to the Southern Pacific's operating expenses for April having a special explanation in congestion of traffic and interruption by storms. The Great Northern reported an expansion of gross earnings for May of over 28 per cent. The average increase of net earnings for April for all railroads thus far reporting, shows a percentage of more than 30 per cent compared with last year. The declaration of the regular quarterly dividend on Interborough-Metropolitan preferred relieved some fears of the passing of the dividend and the New York Utilities moved upwards despite the final act in the enactment of the public utilities law at Albany.

Further outgo of gold by Saturday's steamers was accepted as a certainty. When the traders came to attempt to take profits prices yielded rather easily, as their own buying had been principally responsible for sending prices up. The close was heavy.

Bonds irregular. Total sales, par value, were $954,000. United States old 4s registered advanced 1 and the new 4s declined 1-8 per cent. on call. Total sales of stocks were 497,600 shares.

THE UNWRITTEN LAW.

South Carolina Negro Benefits By Its Effect.

(By Wire to The Morning Star.)

Columbia, S. C., June 6.—John Jacobs, colored, was acquitted in the Circuit Court of Richlands county this afternoon of murdering his wife, Bessie Jacobs, and her paramour, John Johnson, on the night of May 5th. Jacobs went home on that night and finding his wife and her illegal lover asleep in bed, killed both by breaking in their heads with a hammer. He interposed the plea of temporary insanity, but the jury was appealed to on the plea of the unwritten law, and this is what they based their verdict upon, the jury remaining out but fifteen minutes.

While Jacobs was tried on the charge of killing his wife as a result of that verdict the other case, that of killing her paramour, will be nolle prossed. The verdict was heartily cheered by the large audience of negroes present.

WEST POINTERS AT EXPOSITION.

Cadets Arrived at Jamestown Yesterday on Army Transport.

(By Wire to the Morning Star.)

Norfolk, Va., June 8.—The 535 officers, cadets and civilians who arrived in Hampton Roads yesterday on the United States transport Sumner from the United States Military Academy at West Point, N. Y., disembarked from the Sumner today and are now occuping camp site No. 2 at the Jamestown Exposition.

Under command of Lieutenant Colonel Howze, the cadet corps presented a fine appearance as it marched in fours from the deep water pier, to camp. The landing and entrance to the grounds of the cadets was witnessed by several thousand people. The cadets had their first battalion drill this afternoon and these drills will occur twice daily while the cadets are here, until after the exercises on Georgia Day next Monday.

REIGN OF TERROR IN POLAND.

People Murdered and Pieces of Paper Pinned to Their Lips.

(By Wire to the Morning Star.)

Lodz, Russian Poland, June 6.—There has been another reign of terror and violence in this city since June 2. Eleven persons have been killed, included two mill owners and 37 have been wounded. The workmen have formed a secret vigilance committee, which every night executes one or more bandits or terrorists. The corpses are left on the street, and to the lips of the dead men are pinned pieces of paper setting forth the exact reasons for the execution.

NO SENSE OF HUMOR.

A Scientist's Criticism of a Comic Book For Children.

Charles Monselet, a Frenchman of letters, published a comic "scientific dictionary" for the benefit of children, who found no little amusement in his odd accounts of things in the animal world which were perfectly familiar to them, but which were described in a rather fantastic way in M. Monselet's book.

The editor of a certain scientific journal, however, was much surprised and shocked at M. Monselet's ignorance when he took up the book, and he wrote an article about it in his paper, which ran as follows:

"A certain M. Monselet has published a dictionary for the use of children, which contains definitions showing the most extraordinary ignorance, such as the following:

"'Sardine—A little fish without any head which lives in oil.'

"As if a fish could live without a head and in oil!

"Another definition:

"'Parrot—A bird somewhat resembling the pigeon, generally green when it is not red or yellow or blue. Cockatoos sometimes live to be a hundred years old, except when they are stuffed, and then there is no limit to the length of their life.'

"Now, it happens that the parrot is not a pigeon at all and never has the colors that M. Monselet gives to him, and, in short, this M. Monselet knows no more of natural history than he has grains of common sense."

If Lion Pulls and Horse Pulls.

If a lion and a strong horse were to pull in opposite directions, the horse would pull the lion backward with comparative ease. But if the lion were hitched behind the horse and facing in the same direction and were allowed to exert his strength in backing he could easily pull the horse down upon his haunches or drag him across the ring, so much greater is his strength when exerted backward from the hind legs than in forward pulling.—Chambers' Journal.

The Nursery of Statesmen.

A debating society in which the members are really keen is an institution of immense value in a school or a house. Success in the school debating society is frequently the beginning of a great career. — O. C. Williams in "The Central."

Cock Crowers—An Extinct Trade.

"Cock crowers in the past got good pay," said an antiquary, "but theirs is an extinct business now. Cock crowers were employed by the rich in their town houses to crow the hour. They crowed only the rising hour for the most part, but during Lent they crowed everything—even the halves and quarters—all night long. It was a kind of penance. These men were trained from childhood to crow. Sometimes in their childhood an operation was performed on their throats to give them a more cocklike delivery. An ancestor of mine on the maternal side was a famous cock crower in his day."—London Graphic.

Influence.

No human being can come into the world without increasing or diminishing the sum total of human happiness, not only of the present, but of every subsequent age of humanity. No one can detach himself from this connection. There is no sequestered spot in the universe, no dark niche along the disk of nonexistence to which he can retreat from his relations to others, where he can withdraw the influence of his existence upon the moral destiny of the world. Everywhere he will have companions who will be better or worse for his influence.

The Usual Way.

When a mother forbade her daughter social gayety on the ground that she "had seen the folly of such things," the daughter very reasonably answered that she wanted to see the folly of them too. That is the attitude of youth toward the warnings of age.—London Lady.

She Did.

Mr. Misfit (savagely)—Before I married you was there any doddering idiot gone on you? Mrs. Misfit—There was one. Mr. Misfit—I wish to goodness you'd married him! Mrs. Misfit—I did.—Los Angeles News.

The joy of life is never fully realized until the blessing of freely giving and freely receiving has been learned.—Richmond.

Water Needles.

So penetrating is water at high pressure that only special qualities of cast iron will be tight against it. In the early days of the hydraulic jack it was no uncommon thing to see the water issuing like a fine needle through the metal, and the water needle would penetrate the unwary finger just as readily as a steel one.

—Newton, June 5: A tremendous hail storm passed over the northern portion of the county Sunday, destroying gardens and crops, but otherwise doing no damage or causing loss of life.

—Fayetteville, June 5: The people in the stock law territory are somewhat wrought up just now. The government has given notice that automatic gates must be furnished for all fencing by July 1st, or the rural mail delivery will be discontinued.

—Newbern Journal, June 6: The will of the late J. A. Meadows, was probated yesterday, Mrs. Janie K. Meadows, being executrix and sole legatee. The will was made 27 years ago. The value of the estate is placed at $500,000.

—Sampson Democrat: The Hon. B. F. Grady left on the 1st inst. for Chapel Hill, where he attended on Monday the anniversary and re-union of his class, which graduated in 1857. The class numbered about 70, of whom 10 or 12 now survive, and are among the very prominent and useful men of today. Colonel Thos S. Kenan Messrs. George and Joe Graham, of Charlotte; Judge R. B. Peebles, and Judge Avery were in this class.

—Fayetteville, June 5: The Lafayette Auditorium Company has bought a site for the opera house, which is to cost from $20,000 to $25,000, and the promoters of the enterprise state that the work of construction will soon begin. The building will be unique in that the ground uoor will be occupied as a sanitary market for fresh meats, fruits, vegetables and other perishable stuff, having 30 stalls, and the theatre above will seat between 800 and 900 people.

—Pender Chronicle: The Chronicle is pleased to note that our townsman, Mr. Jas. A. Perry has secured a patent on an improved log cart. His patent was granted May 21st, and from the illustrations which we have received we are convinced that Mr. Perry has a good thing, not only he, but all other mill men are to be congraulated on this invention, as its use will simplify the matter of hauling logs. The improvement consists chiefly, as we understand it, in the ease with which a log is raised and attached to the cart, and also the ease with which it is released when ready to unload. It is so simple that the wonder is some one has not invented it long ago.

—Maxton, June 5: A severe storm of only a few minutes' duration passed through our town this afternoon about 4 o'clock. Rain poured in torrents and some hail fell, but for only a minute or two. The wind assumed the shape of a hurricane. Little damage to property resulted except to the United Lumber Company, whose two smoke stacks and blow pipe were blown down, which will amount to $400. Two one-story brick stores on Main street were partly stripped of their metal roof. Fences and trees were blown down and boards at the planing mill carried through the air but no one suffered any bodily injury so far as we have heard. The crops are undoubtedly damaged some but to just what extent I am unable to say.

—Pender Chronicle: Dr. Geo. F. Lucas, the leading physician in the Western part of the county, and who has an elegant home and farm near Currie, was in town, to the delight of his many friends, last Friday. As the local editor passed by unseen by him, he caught the following remarks, which the doctor spoke with much emphasis, and we really believe he intended every word as he spoke it: Burgaw looks better than I have ever seen it." Every one who knows the doctor, knows that he is not given to flattery. Burgaw has improved wonderfully, as everyone knows, who has watched it for the last few years. The people of our county should be proud of the progress their county seat is making, and we believe that they are.

—Sampson Democrat: A meeting of the young men of Clinton was held in the court house Sunday afternoon to re-establish a Young Men's Christian Association in Clinton. Notwithstanding the inclemency of the weather, quite a number of our young men were present and a temporary organization was effected. There was some discussion upon various matters of interest and a fine spirit of co-operation was manifested. Mr. Theodore H. Partrick presided as chairman of the meeting, with Mr. John Cooper as secretary. A committee consiting of Messrs. Mangum, Britt, Ferd. Shipp and John Cooper was appointed to have charge of arrangements for a meeting to be held in the court house next Sunday at 4 o'clock, P. M., when it is expected that a permanent organization will be made.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

Two sizes—50 cents and $1.00.

Perfect Womanhood

The greatest menace to woman's permanent happiness in life is the suffering that comes from some derangement of the feminine organs.

Many thousands of women have realized this too late to save their health, barely in time to save their lives.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study.

If a woman finds that her energiesare flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headache, bearing-down sensations, nervousness, irregularities or the "blues," she should start at once to build up her system by a tonic with specific powers, such as

Lydia E. Pinkham's Vegetable Compound

the great woman's remedy for woman's ills, made only of roots and herbs.

It cures Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and all Organic Diseases, and is invaluable in the Change of Life. It dissolves and Expels Tumors at an early stage. Subdues Faintness, Nervous Prostration, Exhaustion, and strengthens and tones the Stomach. Cures Headache, General Debility, Indigestion, and invigorates the whole female sysem. It is an excellent remedy for derangements of the Kidneys in either sex.

HARRY ORCHARD FIEND INCARNATE

He Confesses That He Has Murdered Eighteen Men During Lifetime.

SHOCKING STORY OF CRIME

In Trial of Miners' Officials He Told of His Man Hunt With Sawed Off Shotguns and Infernal Machines.

(By Wire to the Morning Star.)

Boise, Idaho, June 6.—Harry Orchard crowned his admissions of grave crime today when, continuing his case against William D. Haywood, he made a detailed confession of the murder of Frank Steunenberg by an infernal machine that directly opens the way for his own conviction and execution for the mortal offense. He swore that the assassination of Steunenberg was first suggested by Haywood, was plotted by Haywood. Moyer, Pettibone and himself, was financed by Haywood and was executed by himself after the failure of an attempt in which Jack Simpkins had participated.

Orchard lifted the total of his own murdered victims to eighteen, detailed the circumstances under which he tried to murder former Governor Peabody, Judge Goodard, Judge Gabbert, General Sherman Bell, Dave Moffat and Frank Herne. Incidentally he confessed to a plan to kidnap the child of one of his former associates.

Then under cross-examination by the defense Orchard confessed to the guilt of the sordid social crimes of deserting his young child, and wife in Ontario, fleeing to British Columbia with Hattie Simpson, the wife of another man and committing bigamy by marrying a third woman at Cripple Creek.

Through the shocking details of murder plots, stories of social bomb making and tales of man hunts with sawed off shotguns and infernal machines as weapons, the witness went on in the same quiet off-hand manner that marked his demeanor yesterday. His voice dropped to lower keys as the pitiful story of the long hunt for Steunenberg narrowed down to the last day and he told of the race from the hotel to the home of his victim with the death trap and the meeting in the evening gloom as the victim walked unconsciously to his doom.

Through it all he winced but once, and that was when the defense made him name his six sisters and his one brother and give their residences in Ontario and New York. The defense fought the story with a multiplicity of objections and succeeded in heading off an attempt to tell the story of the murder of Arthur Collins at Telluride and temporarily shut out the contents of a telegram received and a telegram sent by Orchard after his arrest. Except for this the State managed to get in its story intact.

The State today began its corroboration of Orchard's crimson tale by producing the lead casing of the Peabody bomb. Orchard identified it, swore that he brought it from Canyon City to Denver and then on to Wallace, where he gave it to a man named Cunningham. It was thrown into the river, and the State promises later to prove its recovery.

Haywood and his kinfolks listened quietly to the long recital and about their first show of feeling was one of amusement when Attorney Richardson began his onslaught and brought out Orchard's domestic crimes.

There were the same precautions and the same armed guards today to protect Orchard and the same court room scenes except that among the spectators the women to men were as two to one. There was another rush for admittance, and the doors of the court had to be closed at both sessions.

Orchard finished his direct examination at 2:35 o'clock and the cross-examination only reached to the Coeur D'Alene days of 1899 when the court rose. The cross examination will be continued at 9 o'clock tomorrow.

WOMAN SAW NEGROES SHOOT.

Straightforward Testimony Before Senate Military Committee.

(By Wire to the Morning Star.)

Washington, June 6.—Mrs. Emma Leahy, proprietor of the Leahy Hotel in Brownsville, Tex., told the Senate Committee on Military Affairs today that she believed she could identify one of the former negro soldiers as a member of the group that shot up the town. After hearing firing at the garrison and seeing the flashes of guns she said that she saw 16 men in khaki uniforms in the Cowan alley shooting into Cowan's house. She was in a window of her hotel about forty feet away, and two of the men looked up while she was watching them. Just at that moment several shots were fired by the members of the group and she said she saw the two men distinctly. One was very black and the other a mulatto. The latter had large spots on his face and she is sure she could recognize him should she see him again. The description of this man tallies with that of a soldier of company C, who was involved in the trouble with Mr. Tait, a customs inspector. A subpoena was issued for him at the beginning of the Senate investigation, but he has not been found. Mrs. Leahy testified at length concerning the shooting.

Lieutenant Hawkins, who made the microscopic examination of bullets and shells which were sent to the Springfield arsenal, corroborated General Crozier, who testified at the morning session, on every point.

The Little Store will close at 1 P. M. today, in order to allow their employes a half holiday. Do your shopping this A. M. or defer same until Saturday. **

BENATOR KNOX FOR PRESIDENT

Endorsed Yesterday in Resolutions By Republicans of Pennsylvania.

HE SAYS HE WILL ACCEPT

News Created Much Interest in Washington—Senator Foraker Says He is Glad—Secretary Taft Would Say Nothing.

(By Wire to the Morning Star.)

New York, June 6.—United States Senator P. C. Knox, of Pennsylvania, tonight announced his willingness to become a candidate for the Presidency in 1908 should the Republican party see fit to nominate him. Senator Knox's position was made known in expressing his appreciation of the action today of the Republican State convention at Harrisburg, Pa., which endorsed him as a candidate for that office.

Senator Knox who is stopping at the Waldorf Astoria, learned tonight of his endorsement by the Harrisburg convention through the press dispatches. Having read these, including an abstract of the platform adopted, he said to a representative of the Associated Press:

"I am deeply sensible of the great honor done me by my fellow Republicans of Pennsylvana.

"In their convention composed of delegates elected directly by the people, they have increased my many obligations to them by coupling with the endorsement of the administration of Theodore Roosevelt the suggestion of my name as his successor.

"I note the convention's reference to the fact that as Attorney General and Senator I was privileged to aid in the formulation and carrying into effect legislation and judicial decision those just politics for the protection of the people which have so greatly endeared Prseident Roosevelt to the people. I value the action of the convention approving such public service as I have been enabled to render in the past with a satisfaction not exceeded by my gratitude for the unsolicited pledge of support for higher honors and graver duties for the future.

"I have too profound a sense of the dignity of the chief magistracy and too intimate a knowledge of its labors and responsibilities to have sought this endorsement. If, however, the wishes of Pennsylvania Republicans and the reasons they assign for their action should commend themselves to the National Republican convention I would accept its action with full appreciation of its import."

Senator Knox added that he should have nothing further to say at present concerning his candidacy. Accompanied by Mrs. Knox he has been visiting friends here. They will return to their home at Valley Forge, Pa., tomorrow.

Endorsement of Knox.

Harrisburg, Pa., June 6.—The plank in the platform endorsing Senator Knox for the Presidency is as follows:

"Pennsylvania has just pride in presenting to her sister states as a worthy successor to Theodore Roosevelt her distinguished son, who from the beginning was foremost in counsel and most effective in practical support of the policies for the regulation of corporate power which has so endeared the President of the people of the country. It was Philander Chase Knox who in 1902, pointed out that an amendment to the constitution of the United States was unnecessary to enable Congress to redress the wrongful exercise of power by corporations in their relation to inter-state commerce and who made the opinion good by the legal proceedings who he successfully prosecuted for the violation of the inter-state commerce and anti-trust laws of the nation; and also by the amendments to those laws which he recommended and prepared and which subsequently met the approval of Congress.

"The record of Philander Chase Knox is a matter of history. Of him President Roosevelt said in his speech at the dedication of the new state capital in October, 1906: 'During the last few years the national government has taken very strong strides in the direction of exercising and securing adequate control over the great corporations, and it was under the leadership of one of the most honored public men in our country most eminent sons—the present Senator and then Attorney General, Knox—that the new departure was begun.'

"We are proud of Mr. Knox's record as Attorney General. We are proud of his later record as Senator in which office he is displaying the same qualities of patriotism, integrity and the devotion of his abilities to the cause of good government and good citizenship. His capacity and experience, his motives and purposes, his high character in public and private life fit him for the highest office.

"Believing in him and supporting him earnestly, as we do, we hereby endorse him on behalf of the Republican party of this commonwealth for the great office of president of the United States, and we have the honor of presenting him now to the Republicans of our sister States as Pennsylvania's candidate for the Presidency before the Republican nomination convention in June 1908."

Foraker is Glad.

Washington, June 6—The announcement from New York tonight that Senator Knox was willing to become a Presidential candidate in 1908 if the party nominated him created much interest here. Mr. Knox's announcement was communicated to the President who read what the Senator had to say but made no comment thereon.

Senator Foraker: "I am not surprised and am glad to hear it. Senator Knox is a very able and worthy man."

Secretary Taft read the statement of Mr. Knox but had nothing to say regarding it.

EMPLOYED SPIES TO WATCH WIFE

Case of Mrs. Howard Gould For Divorce Gets Airing in Court.

HER CHARGES ARE SWEEPING

Millionaire's Attorneys Endeavor to Have Scandalous Allegations Stricken From Complaint. Neglected His Wife.

(By Wire to the Morning Star.)

New York, June 6.—The case of Mrs. Howard Gould, who has instituted suit for a spearation from her husband, Howard Gould, was given its first public airing in court today. The occasion was the hearing of arguments on motion of counsel for Mr. Gould to strke out certain allegations in Mrs. Gould's complaint. Arguments of considerable length were made both for and against the motion, and at their conclusion the attorneys were given until Monday to file briefs in the case.

The grounds on which Mrs. Gould is suing her husband, as shown by parts of the complaint read by counsel for Gould, are: First, abandonment of Mrs. Gould by her husband; second, the allegation that the habits and conduct of Mr. Gould are such that it was improper for his wife to live with him; third, that since September last he has neglected his wife and refused to provide for her except that he paid for her support at a New York hotel since that time; and fourth, that Gould had treated his wife with extreme cruelty, employed spies to harrass her, caused her mail bag to be tampered with, maintained illicit relations with women of bad character and employed an ex-convict and several New York detectives to procure improper evidence against Mrs. Gould.

Delancey Nicoll, who argued the case for Mr. Gould, said that every allegation against Mr. Gould will be denied when the answer to the suit is filed. He maintained that the charges to which he objected as scandalous and irrelevant did not tend to support the allegation of cruelty. He especially objected to the charge that for three years Gould had mantained illicit and immoral relations with women of bad character and had conducted himself in this respect in an open and notorious manner.

In replying to Mr. Nicoll's argument, Clarence Shearn, counsel for Mrs. Gould, said that if the defence would ask for a bill of particulars, specific charges would be made of so serious a character that he would not presume to mention them in court in the course of his argument.

"We have tried to make this case as little scandalous as possble," said Mr. Shearn, "and I don't want to make the complaint any more specific in open court. But if the allegation that the defendant for three years maintained illicit and immoral relations with women of bad character and conducted himself notoriously and openly in this respect is too general, we will make it more specific. It is true that we do not say whether the defendant's actions were adulterous or worse, but we will be glad to submit a full bill of particulars if it is asked for."

Mr. Shearn argued that if the courts should strike out these allegations from the complaint it would do the plaintiff an irreparable injury by not allowing her to prove them when the case comes to trial. On the other hand if they were permitted to remain the defendant still would have the remedy left at the time of trial.

UNIFORM CUTS NO ICE.

Rhode Island Court Gives Jackie Back 25 Cents.

(By Wire to the Morning Star.)

Newport, R. I., June 6.—A verdict for 25 cents, the price of his ticket, was returned by a jury at the direction of Justice Sweetland today in the case of Chief Yoeman Fred Buensele, of the United States naval training station, who was excluded from a dancing pavilion last Summer because he wore the uniform of the United States Navy. Several weeks ago, Justice Sweetland ruled that the defendant to the suit, the Newport Amusement Company, had a perfect right to select the patrons of its dancing pavilion and that although Buensele was excluded solely on account of his uniform he could not collect damages, the limitation of his recovery at law being the bare price of his admission ticket, and in accordance with this interpretation, Justice Sweetland today oredered the jury to return a verdict of 25 cents. President Roosevelt has contributed toward a fund for the prosecution of the case, which will now go to the Supreme Court.

TORPEDO BOATS TO RACE.

Will Start Off New York and Run to Cape Henry.

(By Wire to the Morning Star.)

New York, June 6.—Six torpedo boat destroyers started today on a 240-mile race from the Scotland lightship to Cape Henry, Va. They were the flagship Whipple and the Truxton, Worden, Stuart, Hull and Hopkins, comprising the second torpedo flotilla. The weather was fair and favorable for a fast race when the swift craft ranged behind the starting line for a flying start. The wind was fresh and the sea was lumpy. At the finish of the race, the destroyers will proceed to Hampton Roads to be present at the Jamestown Exposition on Georgia Day, June 10.

SAD END OF CONFEDERATE.

Lousiana Tiger Found Dead in Bed in Washington.

(By Wire to The Morning Star.)

Washington, June 6.—Arthur Ludewitzhe, of New Orleans, a Confederate veteran, formerly of the "Louisiana Tigers," who came here from the Richmond re-union for a few days' visit, was found dead in bed today in a local hotel, with the gas turned on in his room. The police believe Ludewitzhe turned on the gas by accident.
